Audit Committee

Our Audit Committee includes Wayne Arnett (Chairman), Frank Dosal and John Goldberg. Our Board of Directors has determined that Wayne Arnett is an "audit committee financial expert" as defined under SEC regulations. At the request of the Board of Directors, Mr. Arnett is currently on a special assignment to strengthen the internal controls and revamp the Company's financial reporting system. This special assignment is expected to be completed by the end of April 2012. While this project is in line with the oversight responsibilities of the Audit Committee, Mr.

Arnett may not be deemed to be fully independent, as defined by the SEC, because this project includes some involvement in the day to day financial management of the Company. The other Audit Committee members are deemed to be independent. The tasks and responsibilities of the Audit Committee include (i) the review and discussion of the audited financial statements with management, (ii) discussing with the independent auditors the matters required to be discussed by the Statement of Auditing Standards No. 61, as may be modified or supplemented, and (iii) receiving from auditors disclosure regarding the auditors' Independence Standards Board Standard No. 1, as may be modified or supplemented. The Audit Committee was reorganized in March 2011 with the addition of Wayne Arnett and John Goldberg to the Board of Directors. In April 2011, the Board of Directors voted to adopt a new Audit Committee charter that was recommended by the Audit Committee members. The new charter was adopted to clarify and update the responsibilities of the Audit Committee. A copy of the new charter is available on the Company's web site or upon written request from company management. Members of the Audit Committee met 12 times during the fiscal year ended June 30, 2011.

Compensation Committee

Our Compensation Committee includes Louis Haynie (Chairman), Henry Moyle and John Goldberg. All of the Compensation Committee members are deemed to be independent. The Compensation Committee meets as necessary but at least once annually to review executive compensation and make recommendations regarding compensation to the full Board of Directors. The Compensation Committee met once during the fiscal year ended June 30, 2011.

Nominating Committee

Our Nominating Committee includes Silas Kines (Chairman), Gary Tucker and Wayne Arnett. Mr. Arnett, because of his involvement in day to day financial management of the Company, may not be deemed independent (see above under Audit Committee). The other Nominating Committee members are deemed to be independent. The Nominating Committee meets as necessary but at least once annually to consider and recommend potential nominees for directorships to the full Board of Directors. The Nominating Committee met two times during the fiscal year ended June 30, 2011. The Nominating Committee charter is posted on our website at www.amerityre.com. Pursuant to the charter, the Nominating Committee will consider candidates for directorships proposed by any stockholder although there is no formal procedure for making such proposals.

Meetings of our Board of Directors

Our Board of Directors held 21 meetings during the fiscal year ended June 30, 2011 (including 20 meetings conducted by telephone conferencing). No director attended less than 75 percent of all board and applicable committee meetings during the year.

Directors' Compensation

On December 2, 2009, the Board of Directors approved annual compensation for each non-employee director for the period December 2, 2009 through December 1, 2010. The annual compensation is \$12,000 for each director, all payable through the grant of restricted common stock, a total 41,379 shares each (based on the closing price of \$0.29 per share on December 1, 2009), such stock to be issued quarterly. Directors who fulfill special assignments at the direction of the Board of Directors may be compensated for service on such assignments at a per diem rate of up to \$1,000 per day. Directors who perform extraordinary services may also receive bonus share awards at the discretion of the Board of Directors. Directors are also reimbursed for expenses incurred in connection with their service as Directors, including travel expenses for meeting attendance. In addition to the above compensation, the Board of Directors also approved annual compensation for the Chairman of the Audit Committee of \$25,000, payable quarterly in cash and/or stock.

Effective August 1, 2010, the Board of Directors approved compensation of \$6,000 per month to director Timothy Ryan for leading a business and strategic planning effort intended to streamline operations, increase marketing focus and move the Company towards profitability. This project was completed and the related compensation arrangement ended on January 31, 2011.

On July 6, 2011, the Board of Directors approved the issuance of 100,000 shares of restricted common stock to each of its directors, Timothy Ryan and Wayne Arnett, for extraordinary services provided during the quarter ended June 30, 2011. The total estimated value of the 200,000 shares issued was \$34,000 based on the closing market price on the issuance date of \$0.17 per share.

On July 6, 2011, the Board of Directors cancelled the “2004 Non-Employee Directors’ Stock Incentive Plan” and approved the “Directors’ 2011 Stock Option and Award Plan” (the “2011 Plan”). The Board of Directors also authorized a total of 3,300,000 shares for the 2011 Plan. Under the terms of the 2011 Plan, each director was granted options to purchase 300,000 shares at that day’s closing price of \$0.17 per share. These options will vest over three years as follows, 100,000 on June 30, 2012; 100,000 June 30, 2013; and 100,000 on June 30, 2014. These options expire two years after vesting. The Board member who serves as the Audit Committee Chairperson during the fiscal year will also receive an addition 50,000 options per year under the same terms and conditions.

Vote Required

The affirmative vote of a plurality of the votes cast, in person or by proxy, at the Annual Meeting will be required for the election of Directors. The Board of Directors recommends a vote “FOR” all the nominees. It is intended that in the absence of contrary specifications, proxies will be voted for the election of the nominees named above. However, under new SEC regulations, broker non-votes will not be counted in the election of Directors. In the event any nominee is unable to serve, the proxies will be voted for a substitute nominee, if any, to be designated by the Board of Directors. The Board of Directors has no reason to believe that any nominee will be unavailable.

PROPOSAL NO. 2 RATIFY THE SELECTION OF HJ & ASSOCIATES, LLC AS THE COMPANY’S INDEPENDENT AUDITOR

The Board of Directors has selected HJ & Associates, LLC as the Company’s independent auditor for the fiscal year ending June 30, 2012. To the knowledge of the Company, at no time has HJ & Associates, LLC had any direct or indirect financial interest in or any connection with the Company other than as independent public accountants. It is anticipated that a representative of HJ & Associates, LLC will be present at the Annual Meeting and will be provided the opportunity to make a statement, if he desires to do so, and will be available to respond to appropriate questions.

(1) Audit Fees. The aggregate fees billed us for each of the last two fiscal years for professional services rendered by our principal accountant for the audit of our annual financial statements and review of our quarterly financial statements is \$61,725 and \$55,421 respectively.

(2) Audit-Related Fees. None.

(3) Tax Fees. \$1,580 and \$2,594.

(4) All Other Fees. None.

Vote Required

Ratification of the Company’s independent auditor requires the approval of a majority of the voting power represented by shares at the Annual Meeting in person or by proxy and entitled to vote, assuming that a quorum is present or represented at the Annual Meeting. The Board of Directors recommends a vote “FOR” the ratification of the selection of HJ & Associates, LLC as the Company’s independent auditor for the fiscal year ending June 30, 2012. It is intended that in the absence of contrary specifications, proxies will be voted for the selection of HJ & Associates, LLC.

PROPOSAL NO.3 INCREASE THE SHARES AUTHORIZED FOR ISSUANCE UNDER THE 2005 STOCK OPTION AND AWARD PLAN

The Board of Directors is recommending an increase of 1,000,000 shares in the total shares authorized under the 2005 Stock Option and Award Plan (the “2005 Plan”). At October 28, 2011, a total of 662,656 shares remain authorized and available for issuance under the 2005 Plan. The Board believes it would be in the best interests of the Company and its shareholders to increase the shares available under the 2005 Plan so that the Company could continue to make equity awards for outstanding performance by employees and consultants and also preserve as much operating liquidity as possible by using equity awards in lieu of cash payments whenever appropriate.

Long term incentive awards are a key element of the Company's total compensation package for individuals in significant positions of responsibility. Such awards may be made under the 2005 Stock Option and Award Plan (the "2005 Plan") to senior management and select employees who are key to the Company's achievement of its long-term goals. The purpose of the 2005 Plan is to promote the long term growth and profitability of Amerityre by (i) providing certain officers and employees with incentives to maximize stockholder value, and (ii) enabling Amerityre to attract, retain and reward the best available persons for positions of responsibility. The 2005 Plan provides for a variety of long-term awards including incentive or non-qualified stock options, restricted stock, and performance awards.

2005 Stock Option and Award Plan Summary

The 2005 Plan is intended to reward employees and other individuals who contribute to our success and to provide them with a stake in the enterprise as stockholders. Consistent with this belief, the award of stock options has been and will continue to be an important element of our compensation program.

We intend to use the 2005 Plan to attract competent executive personnel and other employees, aid in the retention of existing executive personnel, and employees, and provide incentives to all of such personnel to devote the utmost effort and skill to our advancement by permitting them to participate in ownership and thereby permitting them to share in increases in the value which they help produce.

The 2005 Plan is administered by our Compensation Committee. Awards granted under the 2005 Plan may be incentive stock options, or ISOs, as defined in the Internal Revenue Code of 1986, as amended, or the Code, appreciation rights, options which do not qualify as ISOs, or stock bonus awards which are awarded to our employees, including officers, who, in the opinion of the Board of Directors or the Compensation Committee, have contributed, or are expected to contribute, materially to our success. In addition, at the discretion of our Board of Directors or the Compensation Committee, options or bonus stock may be granted to individuals who are not employees but contribute to our success.

The exercise price of options granted under the 2005 Plan, as determined by our Board of Directors, may be based on the fair market value of the underlying common stock at the time of grant and, in the case of ISOs may not be less than 100 percent of the fair market value of such capital stock on the date the option is granted or, in the case of holders of more than 10 percent of our outstanding common stock, 110 percent of the fair market value.

Options granted under the 2005 Plan shall expire no later than ten years after the date of grant or, in the case of holder of greater than 10 percent of our outstanding common stock, five years. The option price may be paid by cash or, at the discretion of our Board of Directors or the Compensation Committee, by delivery of a promissory note or shares of our Common Stock already owned by the optionee, which will be valued at their fair market value at the date of exercise, or a combination thereof.

All of our employees and officers are eligible to participate under the 2005 Plan. A maximum of 2,000,000 shares are available for grant under the 2005 Plan, as it was originally approved. The identification of individuals entitled to receive awards, the terms of the awards, and the number of shares subject to individual awards, are determined by our Board of Directors or the Compensation Committee, in their sole discretion; provided, however, that in no event may the aggregate fair market value of shares for which an ISO is first exercisable in any calendar year by any eligible employee exceed \$100,000.

The aggregate number of shares with respect to which options or stock awards may be granted under the 2005 Plan, the number of shares covered by each outstanding option, and the purchase price per share shall be adjusted for any increase or decrease in the number of issued shares resulting from a recapitalization, reorganization, merger, consolidation, exchange of shares, stock dividend, stock split, reverse stock split, or other subdivision or consolidation of shares.

Our Board of Directors or the Compensation Committee may from time to time alter, amend, suspend, or discontinue the 2005 Plan with respect to any shares as to which options or stock awards have not been granted. However, no such alteration or amendment, unless approved by our stockholders, shall:

- a. increase, except an adjustment for an event of dilution, the maximum number of shares for which options or stock awards may be granted under the 2005 Plan;
- b. reduce, either in the aggregate or to any eligible employee, except adjustment for an event of dilution, the minimum option prices which may be established under the 2005 Plan;
- c. extend the period or periods during which options may be granted or exercised;

- d. materially modify the requirements as to eligibility for participation in the 2005 Plan;
- e. change the provisions relating to events of dilution; or
- f. materially increase the benefits accruing to the eligible participants under the 2005 Plan.

If a participant to whom an option is granted exercises such option by payment of the exercise price in whole or in part with previously owned shares, the optionee will not realize income with respect to the number of shares received on exercise which equals the number of shares delivered by the optionee. The optionee's basis for the delivered shares will carry over to the option shares received. With regard to the number of non-qualified option shares received which exceeds the number of shares delivered, the optionee will realize ordinary income at the time of exercise; and the optionee's tax basis in these additional option shares will equal the amount of ordinary income realized plus the amount of any cash paid.

Recipients of ISOs will not be required to recognize income at the time of the grant of the options or at the time of exercise of the options as long as the stock received on exercise is held for at least two years from the date of the grant of the ISOs or one year from the date of exercise, although the difference between the fair market value of the stock and the exercise price paid at the time of exercise must be taken into account for alternative minimum tax purposes. If the stock received upon exercise of an ISO is disposed of prior to the expiration of either of such time periods, the optionee will be required to recognize as ordinary income the amount by which the fair market value of the stock received at the time of exercise exceeds the exercise price of the ISOs.

Under the terms of the 2005 Plan, our Board of Directors or the Compensation Committee may also grant stock awards which may, at the discretion of our Board of Directors or Compensation Committee, be subject to forfeiture under certain conditions. Recipients of stock awards will realize ordinary income at the time of the lapse of any forfeiture provisions equal to the fair market value of the shares less any amount paid in connection with the issuance (our Board of Directors or the Compensation Committee can require the payment of par value at the time of the grant). We will realize a corresponding compensation deduction. The holder will have a basis in the shares acquired equal to any amount paid on exercise plus the amount of any ordinary income recognized by the holder. On sale of the shares, the holder will have a capital gain or loss equal to the sale proceeds minus his or her basis in the shares.

Under the 2005 Plan, the Board and the Compensation Committee have broad authority to award equity-based compensation arrangements to any eligible employee, director, consultant, or advisor of Amerityre. Since the ultimate value of stock options bears a direct relationship to the market price of the Common Stock, the Compensation Committee believes that awards under the 2005 Plan can be an effective incentive for Amerityre's management to create value for Amerityre's stockholders. Awards under the 2005 Plan are made in the discretion of the Board of Directors, upon recommendation from the Compensation Committee.

The increase in authorized shares to be made available under the 2005 Plan is the only change proposed by the Board of Directors and submitted for stockholder approval. All other provisions of the 2005 Plan will remain the same.

Vote Required

Approval of the additional 1,000,000 shares to be added to the Company's 2005 Plan requires the approval of a majority of the voting power represented by shares at the Annual Meeting in person or by proxy and entitled to vote, assuming that a quorum is present or represented at the Annual Meeting. The Board of Directors recommends a vote "FOR" the increase. It is intended that in the absence of contrary specifications, proxies will be voted for the increase.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes the duties, responsibilities and role of our Compensation Committee as well as the material elements of compensation for the our executive officers identified in the Summary Compensation Table set forth below (the "Named Executive Officers"). Over the past year, the Compensation Committee has reviewed our compensation practices and the components of executive compensation. The information below provides the description of compensation policies applicable to executive officers and other highly compensated individuals under employment and/or consulting arrangements.

Objectives of Our Compensation Program

The primary objective of our compensation program, including our executive compensation program, is to maintain a compensation program that will fairly compensate our executives and employees, attract and retain qualified executives and employees who are able to contribute to our long-term success, encourage performance consistent with clearly defined corporate goals and align our executives' long-term interests with those of our stockholders. To that end, our compensation practices are intended to:

1. Tie total compensation to the Company's performance and individual performance in achieving financial and non-financial objectives;
2. Align senior management's interests with stockholders' interests through long-term equity incentive compensation.

Role of the Compensation Committee

The Compensation Committee determines the compensation of our Chief Executive Officer and, in consultation with the Chief Executive Officer, our other executive officers. In addition, the Compensation Committee is responsible for adopting, reviewing and administering our compensation policies and programs, including the cash bonus incentive plan and equity incentive plans, which are discussed in more detail below. Our Compensation Committee adheres to a compensation philosophy that (i) seeks to attract and retain qualified executives who will add to the long-term success of the Company, (ii) promotes the achievement of operational and strategic objectives, and (iii) compensates executives commensurate with each executive's level of performance, level of responsibility and overall contribution to the success of the Company.

In determining the compensation of our Chief Executive Officer and our other executive officers, the Compensation Committee considers the financial condition and operational performance of the Company during the prior year. In determining the compensation for executive officers other than the Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer and comparable market rates.

The Compensation Committee reviews the compensation practices of other companies, based in part on market survey data and other statistical data relating to executive compensation obtained through industry publications and other sources. The Compensation Committee does not seek to benchmark the Company's compensation program directly with other publicly traded companies or other companies with which we may compete for potential executives since some of these competitors are privately held research and development companies for which executive compensation information is not available.

Components of Executive Compensation for Fiscal 2010 and Fiscal 2011

As of June 30, 2011, all previous executive employment agreements have expired and all employees are employed on an at-will basis. Our executive employment agreements for fiscal 2010 and 2011 provided that employees would be compensated by salary and bonus, with bonuses potentially including cash and equity components. Salary and bonus structures were determined by negotiation between the Company and the particular executive based on each individual's tenure with the Company, qualifications and relevant experience, review of available data on comparable positions, and the Compensation Committee's and management's best business judgment. While each of the agreements had a general description of the employee's responsibilities associated with his/her title and/or position, the agreements did not include specific written performance objectives for the individual but did include certain performance targets for the Company.

The elements of the Company's current compensation program are base salary and long-term equity incentives. Our compensation program is designed to provide our executives with incentives to achieve our short- and long-term performance goals and to pay competitive base salaries. Each Named Executive Officer's current and prior compensation is considered in setting future compensation.

Each of the elements of our executive compensation program is discussed in the following paragraphs.

Base Salaries

Base salaries are based on a number of factors, including the executive's experience level and scope of responsibility, performance level, estimate of future potential and overall contribution. The value of base salary also reflects the employee's long-term performance, skill set and the market value of that skill set. Base salaries for our Named Executive Officers and other highly compensated individuals are reviewed on an annual basis and adjustments made to reflect performance-based factors, as well as competitive conditions. The Company does not apply specific formulas in setting base salaries.

Annual Cash Performance Bonuses

Prior to June 30, 2011, employment agreements with certain of Amerityre's executive officers included an incentive component which enabled them to be eligible to earn an annual cash bonus based upon meeting certain performance metrics applicable to the Company's performance in general and the executive's performance in particular. Annual cash performance bonuses are currently not a component of the executive compensation program.

Long Term Equity Incentives

See the summary description of the 2005 Plan under Proposal No. 3 above.

Perquisites and Other Benefits

The Company does not provide significant perquisites or personal benefits to executive officers, other than the partial payment of health insurance premiums.

Employment Agreements

As of June 30, 2011, there were no employment agreements with any executive officer and all employment is on an at-will basis. The determination by the Board of Directors to operate without an employment agreement for key personnel is a temporary measure to insure the flexibility to control expenses while assessing the Company's organizational structure. The Compensation Committee and the Board of Directors have considered the risks involved with having no written and binding employment agreements. Balancing the risks of losing key employees with the considerations of financial flexibility is an ongoing process. At this time, we have determined that the flexibility of operating without employment agreements is in the Company's best interest.

For fiscal 2012, monthly compensation of \$7,000 for Timothy L. Ryan, the Company's Chief Executive Officer, was recommended by the Compensation Committee and approved by the Board of Directors. Monthly compensation of \$7,034 for James G. Moore, Jr., the Company's Chief Operating Officer, was also established by the Compensation Committee as recommended by the Chief Executive Officer. These compensation arrangements are expected to remain in place at the discretion of the Board of Directors.

Employee Benefits

The Company offers employee health insurance benefits coverage to provide our workforce with a reasonable level of financial support in the event of illness or injury. Health insurance benefits are available to all full time employees, including executive officers of the Company. The executive officers of the Company, including the Named Executive Officers, participate in these plans on the same basis as all other employees. The cost of employee benefits is borne 20 percent by each employee and 80 percent by the Company.

Accounting Matters

In the first quarter of fiscal 2006, the Company adopted the provisions of Accounting Standards Codification 718, *Compensation – Stock Compensation* (ASC 718), formerly SFAS 123(R), which requires the fair value of options to be recorded as compensation cost in the consolidated financial statements. The adoption of ASC 718 has resulted in \$43,932 and \$74,263 in additional compensation costs to be recognized in fiscal 2011 and 2010, respectively.

Stock Option and Stock Bonus Awards

In July 2010, the Compensation Committee and the Board of Directors approved the grant of stock option awards to the Chief Operating Officer, James Moore (100,000), and the Chemical Technician, Stephen Harold (50,000). The options are subject to vesting provisions such that one-half of the options are to vest only upon realization of the first profitable fiscal quarter (without including the expense related to the issuance of the options), with the remaining one-half vesting upon realization of a minimum cumulative profit (4 consecutive profitable fiscal quarters) of \$500,000. The vesting is also contingent on continuing employment. The options are exercisable for three years at an exercise price of \$0.50 per share.

In September 2010, the Board of Directors approved a grant of 37,008 shares of the Company's restricted common stock to the Chief Operating Officer as payment of earned performance bonuses in connection with his respective employment agreements. The value of the shares was \$14,063 based on the closing price of \$0.38 per share on the date of board approval.

Stock Ownership Requirements

The Board of Directors has historically encouraged its members and members of senior management to acquire and maintain stock in the Company to link the interests of such persons to the stockholders. However, neither the Board of Directors nor the Compensation Committee has established stock ownership guidelines for members of the Board of Directors or the executive officers of the Company.

Compensation Committee Report On Executive Compensation

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis ("CD&A") with the Company's management. Based on such review and discussions, the Compensation Committee recommended to the Company's Board of Directors that the CD&A be included in this Proxy Statement on Schedule 14A relating to the upcoming annual meeting and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 30, 2011.

Effective September 23, 2010, the directors agreed to suspend the in-person meeting fees for a period of six months in order to cut the Company's expenses, particularly in connection with the Annual Shareholders' Meeting.

Non-Employee Directors' Stock Incentive Plan

On July 6, 2011, the Board of Directors cancelled the "2004 Non-Employee Directors' Stock Incentive Plan" and approved the "Directors' 2011 Stock Option and Award Plan" (the "2011 Plan"). The 2011 Plan was established to attract, motivate and retain qualified non-employee directors. The Board of Directors authorized a total of 3,300,000 shares for the 2011 Plan. Under the terms of the 2011 Plan, each director was granted options to purchase 300,000 shares at that day's closing price of \$0.17 per share. These options will vest over three years as follows, 100,000 on June 30, 2012; 100,000 June 30, 2013; and 100,000 on June 30, 2014. These options expire two years after vesting. The Board member who serves as the Audit Committee Chairperson during the fiscal year will also receive an addition 50,000 options per year under the same terms and conditions.

In the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation or any other change in our corporate structure affecting common stock, or a sale by us of all or a substantial part of its assets, or any distribution to stockholders other than a cash dividend, our Board of Directors will make appropriate adjustment in the number and kind of shares authorized by the Plan, and any adjustments to outstanding awards as it deems appropriate. However, no fractional shares of common stock will be issued pursuant to any such adjustment, and the fair market value of any fractional shares resulting from adjustments will be paid in cash to the awardee.

All options and restricted stock granted to an awardee shall automatically terminate and be null and void as of the date an eligible Director's service on the Board of Directors terminates if the directorship is terminated as a result of any act of (a) fraud or intentional misrepresentation, or (b) embezzlement, misappropriation, or conversion of assets or opportunities of our company.

Directors were eligible to receive stock option grants under the 2004 Non-Employee Directors' Stock Incentive Plan ("2004 Plan"). Under the 2004 Plan, the amount of options, if any, granted to directors and the terms and provisions of any options granted to directors was at the discretion of the Compensation Committee.

In July 2010, the Board of Directors approved a grant of 50,000 stock options to each of our seven non-employee directors. The options are subject to vesting provisions such that the options are to vest only upon realization of the first profitable fiscal quarter (without including the expense related to the issuance of the options). The vesting is also contingent on service as a director for the period July 1, 2010 through June 30, 2011. The options are exercisable for three years at an exercise price of \$0.50 per share. As of June 30, 2011, a total of 50,000 had been cancelled as a result of a director resignation.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS, AND DIRECTOR INDEPENDENCE

For fiscal 2012, Timothy Ryan, the Company's President, CEO and Chairman of the Board of Directors, has an oral agreement to receive \$7,000 cash per month as compensation for his service as President and CEO, with possible additional equity compensation to be determined by the Compensation Committee and the Board of Directors. Audit Committee Chairman L. Wayne Arnett has an oral agreement to receive \$4,000 cash per month as compensation for financial consultation services authorized and approved by the Board of Directors, with possible additional equity compensation to be determined by the Compensation Committee and the Board of Directors.

As of October 28, 2011, neither Mr. Ryan nor Mr. Arnett may be deemed 'independent' as that term is defined by the Securities and Exchange Commission, Mr. Ryan because of his position as an officer and Mr. Arnett because of his involvement in day to day financial management of the Company. At the request of the Board of Directors, Mr. Arnett is currently on a special assignment to strengthen the internal controls and revamp the Company's financial reporting system. This special assignment is expected to be completed by the end of April 2012. While this project is in line with the oversight responsibilities of the Audit Committee, Mr. Arnett may not be deemed to be fully independent, as defined by the SEC, because this project includes some involvement in the day to day financial management of the Company. The remaining directors may all be deemed to be independent.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following tables set forth as of September 30, 2011 the name and address and the number of shares of our Common Stock held of record or beneficially by each person who held of record, or was known by us to own beneficially, more than 5 percent of our issued and outstanding common stock, and the name and shareholdings of each Director and of all officers and Directors as a group. The information on share numbers and percentage ownership listed assumes: a) the exercise of options by the beneficial owner (all included options are currently exercisable); and b) a corresponding increase in the number of shares issued and outstanding. Beneficial ownership is determined in accordance with the rules of the SEC. In determining the number of shares beneficially owned by a person, options or warrants to purchase common stock held by that person that are currently exercisable, or become exercisable within 60 days following, are deemed outstanding; however, such shares are not deemed outstanding for purposes of computing the percentage ownership of any other person. We believe that all of the persons named in this table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them, subject to community property laws where applicable and except as indicated in the other footnotes to this table.

At the request of the Board of Directors, Mr. Arnett is currently on a special assignment to strengthen the internal controls and revamp the Company's financial reporting system. This special assignment is expected to be completed by the end of April 2012. While this project is in line with the oversight responsibilities of the Audit Committee, Mr. Arnett may not be deemed to be fully independent, as defined by the SEC, because this project includes some involvement in the day to day financial management of the Company. The other current members of the Committee meet the independence requirements of Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The members of the Committee reviewed and discussed with our management and HJ & Associates, LLC the audited financial statements contained in our annual report on Form 10-K for the fiscal year ended June 30, 2011 and also discussed with HJ & Associates, LLC the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. The members of the Committee received from HJ & Associates, LLC the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence.

Based on their review of our audited consolidated financial statements, and on their discussion with our management and with HJ & Associates, LLC, the members of the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our annual report on Form 10-K for the fiscal year ended June 30, 2011.

STOCKHOLDER PROPOSALS

No proposals have been submitted by stockholders of the Company for consideration at the Annual Meeting. It is anticipated that the next annual meeting of stockholders will be held during January 2012 .

Stockholders who, in accordance with Rule 14a-8 of the Exchange Act wish to present proposals for inclusion in the proxy materials to be distributed in connection with next year's Annual Meeting Proxy Statement must submit their proposals so that they are received at our principal executive offices no later than the close of business on June 30, 2012, and are otherwise in compliance with applicable laws and regulations and the governing provisions of the articles of incorporation and bylaws of the Company. As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included.

Stockholder proposals and director nominations for our 2012 Annual Meeting not intended for inclusion in the proxy materials for the meeting must be delivered to our principal executive offices no earlier than July 15, 2012 and no later than August 19, 2012 to be considered timely.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our Directors, executive officers and 10percent stockholders, which we refer to as reporting persons, to file with the SEC initial reports of ownership and changes in ownership of our common stock. Reporting persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain reporting persons that no other reports were required, we believe that during our fiscal year ended June 30, 2011 all reporting persons timely filed all such reports.

CODE OF ETHICS

We have adopted a Code of Business Conduct that applies to all our directors, officers and employees. A copy of the code of ethics will be provided free of charge upon written request to our Secretary at the address shown on the cover page of this proxy statement and is accessible, free of charge at our website, www.amerityre.com. If we grant waivers from or make amendments to this code of ethics that are required to be disclosed pursuant to the Exchange Act or applicable listing requirements, we will make those disclosures on our website within four business days following the date of such waiver or amendment.

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

In accordance with notices that we sent to certain stockholders, we are sending only one copy of our annual report and proxy statement to stockholders who share the same last name and address, unless they have notified us that they want to continue receiving multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

If you received a househanded mailing this year and you would like to have additional copies of our annual report and/or proxy statement mailed to you, or you would like to opt out of this practice for future mailings, please submit your request by mail to Amerityre Corporation, 1501 Industrial Road, Boulder City, Nevada 89005. We will promptly send additional copies of the annual report and/or proxy statement upon receipt of such request. You may also contact us if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future.

Unfortunately, householding for bank and brokerage accounts is limited to accounts within the same bank or brokerage firm. For example, if you and your spouse share the same last name and address, and you and your spouse each have two accounts containing Amerityre stock at two different brokerage firms, your household will receive two copies of our annual meeting materials—one from each brokerage firm.

OTHER MATTERS

Management does not know of any business other than referred to in the Notice which may be considered at the meeting. If any other matters should properly come before the Annual Meeting, such matters will be properly addressed and resolved and those in attendance will vote on such matters in accordance with their best judgment.
